

Student's Name: Mohammad Mehrani

Faran Mehr Institute

To whom it may concern,

I am writing to you in my capacity as Dr. Hamid Reza Moghsemi, a professor at Faran Mehr Danesh University, to wholeheartedly recommend my former student, Mohammad Mehrani, for your esteemed master's program. Mohammad was my student from 2018 to 2023 during his undergraduate studies in Computer Engineering at Faran Mehr Danesh University. Throughout his academic journey, he consistently demonstrated a strong work ethic and a dedication to success. His efforts have borne fruit, graduating with an impressive GPA of 15 out of 20. Mohammad's academic accomplishments are a testament to his abilities and dedication, but they only tell part of the story. He is not only a hard worker but also has a curious mind and is always eager to learn new concepts. His passion for Computer Engineering is evident in his projects and the innovative ideas he brings to the table. In addition to his academic prowess, Mohammad has shown remarkable interpersonal skills. He is a team player who can also lead when the situation calls for it. His ability to work effectively with peers while also leading them is a testament to his leadership skills. Mohammad's passport number is W57253714. He has expressed a strong desire to continue his education in Canada, and I believe that he would be an excellent fit for your master's program. I am confident that he will bring the same diligence, perseverance, and innovation to your program that he brought into our classrooms.

Thank you for considering my recommendation. I am confident that Mohammad will exceed your expectations as a student at your university.

Sincerely, Dr. Hamid Reza Moghsemi Professor at Faran Mehr Danesh University
